

Group 14 Half Yearly Report NSWVGA Representative June 2024

Overview

NSWVGA continues to foster veterans golf in NSW. Through various events organised at the group level ,veterans are exposed to the events that continue to involve all veterans with the aim of keeping them active through golf and the camaraderie and fellowship it provides.

Grass Roots Scheme.

The next distribution has taken place through the Group Secretaries this month. The numbers involved with this scheme taken from the new Members Register have been hard to capture but Group 14 are the exception because of the hard work and attention to detail by Secretary Ray. There are struggling clubs in Group 14, as there are in all groups and the grass roots is aimed at these clubs first as an assistance for trophies on a selected day.

NSWVGA Website

The new website is divided into two sections namely Public Website and Members Register. All veterans have access to the Public Site through www.nswvga.com.au .

The Members Register is the site for Group administrators. Secretary Ray has taken part in a ZOOM hookup to discuss shortcomings with this site which were discussed at our Board meeting on Wednesday 19th June. The outcome of this discussion will be relayed to all Group Secretaries shortly.

NSWVGA Week of Golf Program.

This years program is moving along well. We have unfortunately lost Yamba as a week of golf but have had trial weeks at Harden and Barham .Glen Innis held their second week this year that was very successful.

There will be a trial event held at Guyra in October which is being looked after by Councillor Peter Taylor who will shortly be canvassing Vets club to attend this event.

Group 14 Events

Once again Group 14 lead the way with a very full program of events for their veteran members. President John and Secretary Ray are to be congratulated on the program provided and we as veterans should try and support these events with our attendance .

John Daley and Peter Taylor
Group 14 Representatives to NSWVGA
